Lower Global Warming Potential

To minimize environmental impacts, the HVAC industry is transitioning to lower Global Warming Potential (GWP) refrigerants. American Standard's newest lineup of equipment designs harnesses this next-generation technology to maximize your year-round comfort while innovating for a sustainable future. Talk to your local American Standard dealer to learn more about your best options.

MAXIMUM FLEXIBILITY PLUS LEGENDARY QUALITY

Within a single compact cabinet, American Standard® Heating & Air Conditioning's Gold and Silver packaged unit lineup is all about providing multiple options—along with reliable, efficient heating and cooling capabilities. Whether your home needs an air conditioner, heat pump, gas/electric or hybrid system, these units also offer the flexibility of ground or rooftop installation.

American Standard engineers its systems with innovative, high-quality components that are ultra-quiet, too. Two-stage Duration™ compressors offer excellent efficiency, while variable-speed Vortica™ blower motors distribute conditioned air and provide humidity control using our exclusive Comfort-R™ technology. All-aluminum Spine Fin™ coils blend efficient heat transfer with durability, while the All Weather™ tops protect internal components from the elements. Add it all up, and our packaged units combine day-to-day comfort with reliable long-haul performance.

AWARD-WINNING EXCELLENCE.

Top Tier Owner Satisfaction for Gas Furnaces
A National Product Testing and Research Magazine
In 2019 and 2021 Summer Surveys of 36,348 gas furnaces, owned by members who purchased a new gas furnace [unit] between 2005 and 2021, American Standard gas furnaces were rated Top Tier in Owner Satisfaction.

Top Tier Owner Satisfaction for Heat Pumps
A National Product Testing and Research Magazine
In 2019 and 2021 Summer Surveys of 13,458 heat pumps, owned by members who purchased a new heat pump [unit] between 2005 and 2021, American Standard heat pumps were rated Top Tier in Owner Satisfaction.

Top Tier Reliability for Heat Pumps
A National Product Testing and Research Magazine
In 2019 and 2021 Summer Surveys of 13,458 heat pumps, owned by members who purchased a new heat pump [unit] between 2005 and 2021, American Standard heat pumps were rated Top Tier in Reliability.

Top Tier Owner Satisfaction for Central Air Conditioning
A National Product Testing and Research Magazine
In a survey based on the proportion of members who are extremely likely to recommend their central air conditioning system to friends and family found American Standard Central Air Conditioning Systems' to be Top Tier in 2018 and 2020 Summer Surveys of 23,997 central air conditioning systems, owned by members who installed a new system between 2005-2020.

WE OBSESS OVER IT SO YOU DON'T.

For over a hundred years, we've made some of the most awarded, well-engineered heating and air conditioning equipment, and earned a reputation for doing things ...right. And through it all, we've followed a pretty simple idea: A higher standard isn't just how we build our products. It's how we build our relationships with the customers who depend on us every single day.

A CLOSER LOOK

Gold 15 Packaged Heat Pump System

Durable All Weather Top
Resists the elements with rugged construction and a unique contoured shape.

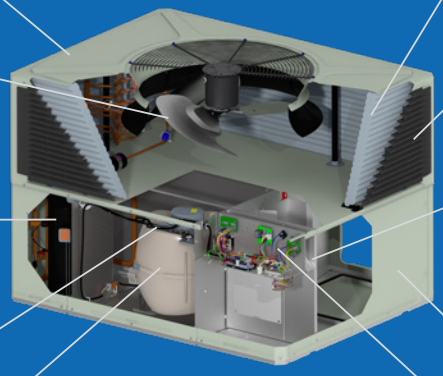

High-Efficiency Ducted Fan
Aerodynamic blade and fan motor have the quietest performance on the market.

Duration™ Compressor
An industry leader - reliable, efficient, quiet. The two-stage operation decreases energy use, using higher speeds only for high-demand periods.

Variable-Speed Blower Motor with Comfort-R™
Eliminates hot and cold spots in your home with speeds that adjust to temperature demands, quiet operation and exclusive Comfort-R humidity control.

Composite Vortica™ Blower
Advanced design increases airflow while decreasing energy use and sound levels.

Features and components may vary by model and are shown for illustration purposes only.

AccuClean™ Compatible
Select packaged unit systems are compatible with AccuClean: the first whole-home air-cleaning system to earn the **asthma & allergy friendly**© certification program mark from the Asthma and Allergy Foundation of America.

All-Aluminum Spine Fin™ Coil
Engineered for efficient airflow, exceptional resistance to corrosion and leaks, and outstanding reliability compared to standard coils.

Architectural Louvers
Stylish protection for internal parts with UV-resistant, automotive-grade plastic.

Refrigerant Detection System (RDS)
The included Mitigation Control Board (MCB) works in conjunction with the RDS on the drain pan to detect and mitigate refrigerant leaks.

Appliance-Grade Finish
Heavy rolled steel coated with highly resistant paint ensures a durably attractive appearance.

Advanced Electronic Demand Defrost (Heat Pumps Only)
Eliminates unnecessary defrost cycles, saving energy and prolonging the life of your compressor.

[1] Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at americanstandardair.com or by phone at 855-260-2975, otherwise American Standard Heating & Air Conditioning's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on americanstandardair.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

THE CENTER OF HOME COMFORT

Elevate your environment and experience a new level of home comfort with an American Standard Smart Thermostat

SEAMLESS CONNECTIONS

American Standard's smart comfort systems are engineered to integrate effortlessly into a home and homeowners' daily lives. Easy to install, use and connect to American Standard systems or other smart devices, a smart HVAC system enables unparalleled convenience and control.

PROACTIVE DIAGNOSTICS

American Standard's smart diagnostics, enabled by any American Standard smart thermostat, allow dealers and technicians to predict and prevent issues before they arise. These proactive capabilities ease the maintenance process for homeowners, allowing them to focus on what matters to them most.

CUSTOM COMFORT

A connected HVAC system is the foundation of a comfortable home. American Standard's offerings are designed with each homeowner's unique lifestyle in mind, prioritizing flexibility and personalization so they can enjoy home comfort on their terms.

WE OBSESS OVER IT. SO YOU DON'T.

Home™ **COMFORTABLE. RELIABLE. EFFICIENT.**

Optimize the comfort and efficiency of your home with the American Standard Home smart comfort system. The American Standard Home mobile app gives you remote access to your HVAC system through your connected American Standard smart thermostat.
