TRANE TECHNOLOGIES

PREMIER	Using the latest, most advanced technology to push the boundaries in delivering truly controlled, truly premier comfort.
	**20 TruComfort™ Variable Speed Heat Pump with WeatherGuard™** Up to 22.4 SEER2 / 10.5 HSPF2 Link™
	18 TruComfort™ Variable Speed Heat Pump Up to 18.1 SEER2 / 8.5 HSPF2 Link™
PRIORITY	Prioritizing whole-home comfort through advanced features working together to create enhanced comfort.
	**17 Multi-Speed Heat Pump with WeatherGuard™** Up to 18.0 SEER2 / 11.0 HSPF2
	17 Multi-Speed Heat Pump Up to 17.1 SEER2 / 11.0 HSPF2
CHOICE	The best choice for quality products with modern capabilities and optionality.
	**16 Single-Stage Heat Pump with WeatherGuard™** Up to 17.0 SEER2 / 8.5 HSPF2
	16 Single-Stage Heat Pump Up to 17.0 SEER2 / 8.5 HSPF2
	**14 Single-Stage Heat Pump†** Up to 14.3 SEER2 / 7.5 HSPF2 *†Does not meet ENERGY STAR requirements*

To minimize environment impacts, the HVAC industry has transitioned to Lower Global Warming Potential (GWP) refrigerants. Trane's newest lineup of equipment designs harnesses this next-generation technology to maximize your year-round comfort while innovating for a sustainable future. Talk to your local Trane dealer to learn more about your best options.

MORE STAGES = MORE COMFORT.

A heat pump's number of stages or speeds determines how efficiently it manages the temperature, humidity, and comfort of your home. Trane's TruComfort™ variable speed compressor runs at lower speeds for longer periods and different speeds to meet heating and cooling demands - delivering the ultimate in whisper-quiet comfort.

EFFICIENTLY SIMPLE.

Trane's multi-speed and single-stage systems provide excellent value along with reliable cooling and heating comfort and efficiency. Options include low-profile units, compressor sound enclosures, and WeatherGuard™ tops on select models.

Link™ Select models include innovative Trane Link™ technology, which communicates between system components. Simply opt in through the Trane Home™ app to have your system's data remotely monitored for even the slightest system changes – letting you relax and enjoy the exceptional comfort your variable speed system provides.

This product meets ENERGY STAR requirements when appropriate coil components are used. Ask your dealer for details.

SEET® TESTED

Every Trane system is put through some of the most extreme conditions found in nature in our SEET **[System Extreme Environmental Test]** lab. Put through five years of severe wear and tear in just a few months, our products can stand up to the harshest environments imaginable.

A CLOSER LOOK:

20 TruComfort™ Heat Pump with WeatherGuard™

WeatherGuard™ Top

Is not only attractive, the durable polycarbonate material provides lasting protection.

Available as optional accessory on select models.

Exclusive Refrigerant-Cooled Inverter

Helps keep electronics at a consistent temperature, leading to improved performance and reliability.

Climatuff® Variable Speed Compressor

Is the heart of Trane TruComfort™ technology. It automatically adjusts itself while maintaining constant and consistent comfort.

Compressor Sound Enclosure

Reduce operating sound for a quieter home environment.

Full-Sided Galvanized Steel Louvered Panels

Protect internal components while maintaining airflow efficiency.

Powder-Paint Finish

Virtually indestructible for maximum protection against corrosion and rust, and years of reliable protection.

Integrated Fan System

Unique blade-down design improves airflow, enhances performance and reduces sound levels.

Exclusive All-Aluminum Spine Fin™ Woven Coil

Enhances airflow and heat transfer while resisting corrosion and leaks. They are proven far more reliable than traditional copper and aluminum coils.

Trane Link Communicating Control Board

Powers the compressor and controls communication between components to optimize your comfort and efficiency.

DuraTuff™ Rustproof Basepan

Won't crack, corrode, rust or warp.

WeatherGuard™ Zinc-Coated Fasteners

Provide corrosion resistance and longer life, because even minor details are what Trane reliability is all about.

A Trane UX360 Smart Thermostat and system controller is required for all 20 TruComfort™ and 18 TruComfort™ Heat Pump models.

The 20 TruComfort™ Heat Pump with WeatherGuard™ shown is for illustration purposes only. Please note that features and components may vary by model. As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

The 17 Multi-Speed Heat Pump features **ComfortSeek™** technology. ComfortSeek dynamically adjusts compressor speed in response to outdoor temperature changes – working harder when you need it and conserving energy when you don't – ensuring optimal heating and cooling capacity even in extreme conditions. With its patent-pending design, ComfortSeek sets a new standard in home climate control, maximizing comfort, enhancing energy efficiency, and reducing utility bills.

***18 TruComfort varies speed in 1% increments.*

[1] *Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at Trane.com or by phone at 855-260-2975, otherwise Trane's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on Trane.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.*

THE CENTER OF HOME COMFORT

Elevate your environment and experience a new level of home comfort with a Trane Smart Thermostat

Custom Comfort

A connected HVAC system is the foundation of a comfortable home. Trane's offerings are designed with each homeowner's unique lifestyle in mind, prioritizing flexibility and personalization so they can enjoy home comfort on their terms.

Seamless Connections

Trane's smart comfort systems are engineered to integrate effortlessly into a home and homeowners' daily lives. Easy to install, use and connect to Trane systems or other smart devices, a smart HVAC system enables unparalleled convenience and control.

Proactive Diagnostics

Trane's smart diagnostics, enabled by any Trane smart thermostat, allow dealers and technicians to predict and prevent issues before they arise. These proactive capabilities ease the maintenance process for homeowners, allowing them to focus on what matters to them most.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.
