TRANE
It's Hard To Stop A Trane.

92.1 - 97.3% AFUE GAS FURNACES

Trane condensing gas furnaces deliver Annual Fuel Utilization Efficiency (AFUE) ratings from 92.1% up to 97.3%—which signifies the percentage of fuel converted into heat. Reliable and quiet, these furnaces are guaranteed to keep your home warm and comfortable even on the coldest days.

EFFICIENT | QUIETEST

TRANE TECHNOLOGIES

A CLOSER LOOK

97 Two-Stage Variable Speed Gas Furnace

Silicon Nitride Hot Surface Igniter

Provides a highly reliable ignition system for longer service life.

Multi-Port In-Shot Burners

Perfectly shape the flame cone for the maximum heat possible while using less fuel.

Two-Stage Gas Valve

Adjusts fuel use based on your heating demand, providing more comfort with lower, longer run times and reduced temperature swings.

Variable-Speed Draft Inducer

Works with modulating gas valve to enhance efficiency, comfort and reliability.

Heavy Steel Insulated Cabinet

Holds more heat in the furnace, ensures greater durability and reduces operating sound.

Formed Steel Door

Includes acrylic view windows for functional yet attractive appearance.

Stainless Steel Primary Heat Exchanger

Withstands higher temperatures, resists corrosion, and is efficient at heat transfer, while improving airflow efficiency in both winter and summer.

Secondary Heat Exchanger

Extracts even more heat from the combustion process and is made of corrosion-resistant stainless steel.

Trane Link Communicating Capability

Can be transformed into Trane® Link™ communicating mode by the installer, offering enhanced diagnostics for proactive maintenance and peace of mind, providing a comprehensive upgrade to their heating experience.

Variable-Speed Blower Motor with Comfort-R™

Allows quieter system startups and shutdowns, greater efficiency and more thorough heat circulation. Also helps control humidity levels during summer months.

Vortica™ Blower

Quiet and efficient in both heating season and cooling season, and is only available from Trane.

Features and components may vary by model and are shown for illustration purposes only.

As part of our continuous product improvement, Trane reserves the right to change specifications and design without notice.

AMERICA'S MOST TRUSTED® HVAC BRAND 12 CONSECUTIVE YEARS

Lifestory Research®
AMERICA'S MOST TRUSTED®
HVAC
2015–2026

Trane received the highest numerical score in the proprietary Lifestory Research 2015-2026 America's Most Trusted® HVAC Brand studies. Study results are based on experiences and perceptions of people surveyed. Your experiences may vary. Visit www.lifestoryresearch.com.

THE CENTER OF HOME COMFORT

Elevate your environment and experience a new level of home comfort with a Trane Smart Thermostat

Custom Comfort

A connected HVAC system is the foundation of a comfortable home. Trane's offerings are designed with each homeowner's unique lifestyle in mind, prioritizing flexibility and personalization so they can enjoy home comfort on their terms.

Seamless Connections

Trane's smart comfort systems are engineered to integrate effortlessly into a home and homeowners' daily lives. Easy to install, use and connect to Trane systems or other smart devices, a smart HVAC system enables unparalleled convenience and control.

Proactive Diagnostics

Trane's smart diagnostics, enabled by any Trane smart thermostat, allow dealers and technicians to predict and prevent issues before they arise. These proactive capabilities ease the maintenance process for homeowners, allowing them to focus on what matters to them most.

TRANE DEALERS ARE AS HARD TO STOP AS A TRANE ITSELF.

Independent Trane dealers take great pride in creating your perfect indoor environment. They are some of the most highly trained professionals in the business—with an extensive understanding of the movement and conditioning of air and the expertise to recommend, install and maintain the right system for your home.
